If you couldn't tell (until now), W-burg is where it's at for impressing him or her. Snag a seat at a white picnic table in the leafy side yard with a \*masterful cocktail in hand. \*Mas·ter·ful *adj.* 1. powerful and able to control others. *Synonyms:* Pamela Wiznitzer, former Dead Rabbit bartender and Seamstress founding member *in charge* of the drink menu. Go green (like the winding vines) with the *Devil's Music* made with Illegal Mezcal, blanco tequila, ancho reyes, kale and lime. Have no shame – Order a basket of biscuits to soak it all up. Because drunk word slurs are never cute.
